Before you buy any speaker be sure to hear the Advents.

ADVENT

Frankly, we believe you can't buy a better sounding loudspeaker than Advent without spending a great deal more. For years Advent has been a company famous for making speakers that easily compete with others costing twice as much. As a result, Advent has been one of the country's best selling

speakers. They're so good we feature them in complete systems from as little as \$299.

So before you buy any stereo, be sure to hear our Advent systems. If you spend more without hearing them first, you deserve everything you don't get.

Never before could you own so much quality for so little money. It begins with the Advent 3 loudspeaker. The least expensive speaker we know of with accurate, satisfying, wide-range sound. To do justice to the Advents we chose the dependable Sony STR-1800 receiver and precision Garrard 730 recorder changer.
