"Q: How many popes does it take to change a lightbulb?"

A: Two. One to hold the lightbulb and one to turn the ladder." F.H.A.T. Axmacher

I like to keep in contact with my high school friends. We often exchange form letters, telling of our progress, successes, personal regrets, and our hopes for the future.

Only yesterday, my mother received a letter from someone who graduated high school a year before me, but who still likes to keep in touch with the past:

"Dear Mrs. Hatfield

"Hello! My name is Steven Carlitz. You may remember me. I attended Cubberly High School with Jock. I graduated in '73 and then studied music and drama at Foothill, U.C. Santa Barbara, San Diego State University and at an acting conservatory in Santa Maria.

"My experience at the conservatory and singing in the Broadway show "Marriot's Great America," convinced me that acting professionally simply isn't as enjoyable as community and college level theatre. I still study voice and participate in local productions, but I have decided that professional theatre is not for me!

"For the past year I have been working in real estate. I have found it to be exciting and at times very rewarding. Moving can be a bit traumatic, and helping a family to move easily and successfully or finding a young family a suitable starter home leaves me with a good feeling.

"Joe Yarkin has been working in Palo Alto for over 20 years and

has earned an excellent reputation. I have found Yarkin Realty to be an office composed of competent and conscientious people. I have been very happy here.

"If you should have any real estate needs, I would appreciate the opportunity to talk with you and possibly to serve you.

Thank you,
Steven D. Carlitz"

Cubberly high school is a friendly place, and we get letters like this all the time. Sometimes they're from graduates in the fun and rewarding careers of computer programmer or beauty techni-

cian, but usually it's the fast, growing field of real estate.

My mother's reply:

"Dear Steven Carlitz.

"It's always nice to hear from one of Jock's bosom buddies. It has been so long since we've heard from you. You've certainly been busy. I see from your letter Cubberly has churned out another success. It is a rare man that can go from theatre right into real estate.

"I'm greatly consoled to know that my son failed, his friends are moving on to success. Imagine,

Broadway at Great America! None of our relatives has ever gotten past Disneyland.

"The next time I find moving a bit traumatic, need a suitable starter home, or want to give you a good feeling, I'll give Yarkin a call. You bet. Do you carry aluminum siding?"

"After graduating high school, Jock sold Fuller Brush for two years. His career came to an abrupt halt when the Mafia blew him up in his car.

"With much affection,
Mrs. Hatfield"
