

Iran's shah shifts to army rule

TEHRAN, Iran (AP) — The beleaguered Shah of Iran put his top soldier in charge of the government Monday in a bid to "establish law and order," but bands of anti-shah protesters responded with

new hit-and-run rioting in this troubled city and its outskirts.

One person was reported killed and two were reported wounded when troops dispersed rioters.

The U.S. government, whose

ties with Shah Mohammad Reza Pahlavi are a main target of protesters here, quickly expressed support for the shah's shift to military rule. State Department press officer Jill Schuker said in Washington the monarch acted within his authority and only after it became clear a new civilian government could not be formed.

The new prime minister, chief of staff Gen. Gholam-Reza Azhari, moved swiftly to assert control and head off the threat to the shah's 37-year reign.

Azhari's government ordered troops and tanks to ring key sites in the capital. It also clamped censorship on the local press, radio and television, arrested five editors and issued a "wanted" list for 30 others accused of inciting public unrest through the news media. No censorship was imposed on outgoing news dispatches, however.

But even as Azhari introduced his new Cabinet to the shah at Niavaran Palace, anti-government mobs were burning and looting businesses, mostly bank branches and liquor stores, near Tehran University and in a satellite town near the railroad station just outside the city.

Measles cases on the increase

PORTLAND (AP) — The Oregon Health Division reported Monday that the number of confirmed recent cases of measles in the state has increased to 185.

That was an increase of 37 cases over the number reported last Friday.

Lane County, with two cases, was added to the list of counties in which incidents of the disease have been recorded.

making the news

From Associated Press reports

SALEM — Two Condon men failed Monday — for the third time—to convince a court that an anti-nuclear measure would be voted upon by Gilliam County voters Tuesday.

The Oregon Supreme Court declined to review a state Court of Appeals decision that kept the measure off the ballot.

The Court of Appeals had upheld Circuit Judge J.R. Campbell, who ruled the proposed county ordinance off the ballot because it pertained to an issue that all the state's voters, and not just those in Gilliam County, should decide.

PORTLAND — U.S. National Bank of Oregon, following the lead of the nation's major banks, has raised its prime lending rate to 10¾ percent.

The quarter percent increase, announced Monday, takes effect immediately. A similar hike was announced Friday by First National Bank of Oregon.

The prime rate which banks charge on loans to their best corporate customers had been at 10½ percent at most banks for less than a week before the latest increase.

LOS ANGELES — The FBI arrested Stanley Mark Rifkin, a computer expert, early Monday on charges he masterminded a sophisticated theft of \$10.2 million from a bank, then used the money to buy diamonds from the Soviet government.

Rifkin, 32, was arrested just after midnight at an apartment near the town of Carlsbad, north of San Diego, said Roger Young, FBI agent in charge of the San Diego bureau.

He said Rifkin had \$12,000 in cash and a cache of diamonds worth \$13 million on the retail market.

Earlier, the FBI said that Rifkin, by use of a complex scheme involving computers and secret codes, illegally transferred \$10.2 million from Security Pacific Bank here—the victim of the theft—to the Swiss bank account of RUSALMAZ, a branch of the Soviet government that handles diamond exportation.

Israelis channel millions into West Bank housing

By The Associated Press

The Israeli government allocated \$32.5 million Monday to construct nearly 900 housing units in Israeli-occupied Arab lands, Israeli Radio reported. A decision last month to beef up the settlements sparked a controversy with the U.S. government.

No official U.S. reaction to the allocation was available immediately.

Israeli Radio said 660 apartments and houses would be built on the West Bank of the Jordan River and another 230 units were slated to be added to Israeli villages in the Syrian Golan Heights. About \$3 million would be spent to link the West Bank settlements by a new road with Israel proper.

The West Bank is envisioned in the Camp David peace accord as an autonomous Palestinian region. Israel decided to "thicken" its settlements there after Washing-

ton hinted that some settlements may be evacuated after a five-year transitional period to Palestinian home rule.

IMPORTANT ADVERTISING CORRECTION

A word was mistakenly left out of a Bain for Assessor advertisement that ran 11-6-78.

The line should have read:

• In 1974, Assessor **Ken Bylund** was elected as a Democrat, but in 1978 the Lane County **Young Democrats** endorsed **Bill Bain** by a vote of 25 to 3.

The Emerald regrets the typographical error and any misunderstanding it may cause between Lane County Democratic Central Committee, the voters of Lane County and the Bain for Assessor Committee.
