

Forest jobs available

Applications are now available for seasonal/summer employment on the Willamette National Forest. Job applications must be submitted between December 1, 1978 and January 15, 1979.

The Willamette will be hiring approximately 200 people for positions as Forestry Aids or Technicians, Civil Engineering Aids or Technicians, Surveying Aids or Technicians. Pay will range from \$3.50 to \$5.05 per hour.

The positions will be located in and adjacent to Eugene, with duty stations at Blue River, McKenzie Bridge, Detroit, Sweet Home, Oakridge, Westfir, Lowell, and Vida, Oregon. The normal season of work will be from March 15 to November, weather permitting. Some positions will begin in June and last through September.

Recruitment for these positions is nation-wide. Applications may be submitted to only one Forest Service Region for this reason. (The Willamette is in the Pacific Northwest Region.)

In addition to these jobs, there will be approximately 100 other seasonal/summer positions which will be filled by people that worked last summer.

Detailed information about applying is provided with the application blanks which are available at any U.S. Forest Service office. The jobs are open to anyone who is 18 years old by the date they are available for work and meet the qualifications listed on the application.

Molten rock investigated

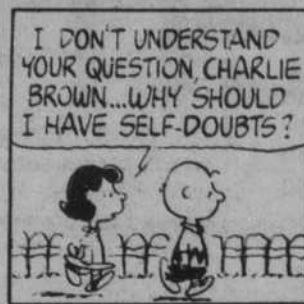

The University has received a \$40,600 grant from the National Science Foundation for continued study of a technique for using seismic waves — like those created by earthquakes — to locate and characterize molten rock deposits deep beneath the earth's surface.

University geophysicist Harve Waff heads the research project, entitled "Acoustic Wave Propagation in Magmatic Liquids."

According to Waff, his University laboratories have been equipped with special chambers which simulate the intense heat and pressure upon rocks 150 to 200 miles within the earth, and with "electromechanical transducers" which create ultrasonic waves similar to seismic waves.

By measuring the speed at which seismic waves pass through magmatic liquid, and the amount of absorption of waves that occurs, researchers can acquire useful information about the physical nature of magmatic liquids, Waff says.

Workshop set on behavior therapy system

On December 8 and 9, the American Association for the Advancement of Clinical Training is offering a workshop on Neuro-linguistic Programming, the therapy system developed by Richard Bandler and John Grinder. The Association, which was formed and still has its headquarters in Eugene, is bringing nationally-acclaimed therapist-trainer Jim Eicher from Felton, California to lead the workshop.

The workshop will be held in the Valley River Inn in Eugene. Cost of the training is \$75.00 for professionals and \$65.00 for students and laypersons. Reservations and more information are available by calling the Association at 485-3317 or 485-3318, or by writing to 3040 Harris Street, Eugene, Oregon 97405.

Choral group to perform

Capella Antiqua will present early Renaissance music Thursday at 8:30 p.m. in Gerlinger Lounge.

The quintet will sing over 20 selections, including works by Perotin, Machant, Dunstable and Dufay. A registered University group, Capella Antiqua is directed by Terry Ross and supported by the city room tax fund. Admission for the concert is \$1.50.

Thespians hold seminar

Tonight a free workshop on theater improvisation will be held in the Wesley Center, 1246 Kincaid St.

Focusing on personal relationships and social concerns, as well as personal and religious concerns, the workshop will begin at 7:30 p.m.

According to program head Alan Sacks, the seminar is a vehicle for the participant's personal growth. "It's an opportunity for self-expression with social support responding to social concerns."

For information, call the Wesley Center at 344-4219.

briefs

MEETINGS

Phi Beta Lambda (P.B.L. Consultants) meets today at 5 p.m. in 247 Gilbert. Guest speaker will be Oregon State University ex-president Doug Florence.

The Chinese Student Association staff will meet today at 3:30 p.m. in an EMU Century Room. Topics to be discussed include the upcoming China Night, and programs for the winter term.

FORUMS

The Solar Energy Center is holding another of its Solar Seminar Series today at 12:30. Today's topic is "The Integration of Alternative Energy with Other Design Issues." The talk is given by David Wintzky, an architect with the Threshold A Group of Architects. Admission is free, and the public is welcome to the meeting, which will be held in the EMU, room to be posted.

Alpha Kappa Psi, the professional business fraternity, will be sponsoring its Speaker's Program this evening at 7:30 p.m. in room 337 EMU. Tonight's guest speaker is Dean H. Pape, owner and manager of Pape Brothers Inc. His topic of discussion is "Management by Objectives" and will be followed by refreshment and discussion. All interested individuals are encouraged to attend.

The final special session for People's Law School is this evening. The topic is "Legal Research for the Beginner" and will be held at Harris Hall, South Conference Room, Lane County Public Service Building, from 7-9 p.m. The class, which is free and open to the public, will include a tour of the Lane County Law Library.

A discussion of evidence for the resurrection of Jesus will be led by Denise Lundblade at the Inter Varsity Christian Fellowship meeting tonight in the

EMU, room to be posted.

Gay Rap is an open, informal discussion group that meets weekly to offer support to gay and bisexual women and men. Tonight's topic of discussion will be "The Social Subculture." Gay Rap meets off campus and rides are available for those without transportation. For location and more information call Gay People's Alliance at 686-3360, or 343-8130.

MISCELLANEOUS

Women's Referral and Resource Service is collecting names for a women's awareness, or consciousness-raising group. Women interested in becoming part of such a group should call the WRRS office at 686-3327 and leave their name, address and phone number.

The annual trip to the University Medical School will be on Thursday. The group will be leaving from the visitor's parking lot at 13th and Agate St. at 8 a.m. sharp. Sign-ups, in 164 Oregon Hall, are limited to 25 students. Please bring a sack lunch. First and second year students will be giving tours, and we will be attending one class.

POLICY

The Emerald's briefs column is open to anyone wishing to announce meetings, lectures or miscellaneous events. Briefs are run only once and are subject to space limitations. They should be typed and triple-spaced in a 65-character margin, include all pertinent information, including the date you want it to run. Also, include a name and phone number in case we have questions. Events with donations or admission charges will not be considered.

All items must be turned in by 2 p.m. the day before publication at the Emerald office, Room 300, EMU.

Attention Student Programs

If you are interested in applying for ASUO/IFC Incidental Fee funds and have not been considered in previous years please let us know!
