Don't settle for ordinary! JVC leaps beyond ordinary with their revolutionary receivers and amplifiers. JVC was the first receiver manufacturer to offer a built in S.E.A. graphic equalizer. The S.E.A. gives you control over the entire musical spectrum. Also JVC's D.C. amplifier circuitry offers virtually

distortion-free performance. The D.C. design means all the sounds you hear are cleaner, clearer, crisper. In addition, the integrated amplifiers deliver power performance and value. Audition the JVC receivers and integrated amplifiers. Don't settle for ordinary!

\$499⁹⁵

The Bose Model 360 is the first stereo system that showers you with reflected sound the way live music does, to give you a level of realism and excitement never before possible in a home music system. Words can't describe the experience. So we invite you to hear a 60 second demonstration, you'll want the system.

BOSE
