

Percy Hilo, his life's

CALLING

Square Dances

*All join hands and circle left
Yer goin' wrong go the other way back
Make them feet go clickety-clack
Now allemande left with yer left hand
Back to your partner with a right-left grand
Round and round that ring you roam
Find yer partner and take her home
First couple balance and swing
Gents lead out to the right of the ring
It's up to your lady to cheat or swing
Now four gents to the lady all alone
She won't cheat, she'll swing her own*

Percy Hilo is a square dance caller, the man who sets the steps. But what led Hilo to this calling? For the answer to that question and a look at the art of square dancing, please turn to Page 4B.
