

Water-logged Oregon men spike Huskies

Performing on par with the weather, the Oregon men's track team drenched the Washington Huskies 100-63 in Seattle on Saturday.

Ron Thomas swept the short sprints and his teammates won seven of eight field events to give the seemingly uninspired Ducks their third dual meet win of the season.

Oregon coach Bill Dellinger pointed to the weather — dismal — and the lack of fans — 200 — as being two factors in the Ducks' go-through-the-motions performance.

But perhaps even more important was Oregon's knowledge before the meet that even a sub-par effort by the Ducks would be enough to swamp the

Huskies. Thanks to Dellinger's shifting of athletes out of their normal events, the Huskies were able to keep at least a partial lid on the final score.

Hammer thrower Kent Landerholm set the Ducks' only personal record for the day, going 186-8 in his specialty, to lead Oregon's field event winners. Reidar Lorentzen withstood the

Huskies' pair of 250 foot javelin throwers to win the event with a toss of 252-3; Phil Christian won the high jump on the count-back with a leap of 6-8; Jeff Stover threw the shot put 66-10½; Jeff Martin won the long jump at 22-10½; and Gary Lacey took first in the triple jump with a mark of 49-5 ½.

Thomas, stepping down from

his normal event — the 400 — won the 100 in 10.7 and the 200 in 21.68, the best time by an Oregon sprinter this season.

Bill McChesney and Jim Hill moved down from the 5,000 to go 1-2 in the 1,500, McChesney nipping Hill 3:49.1 to 3:50.1. Ken Martin, fresh off a new Oregon record in the steeplechase last week, won the 5,000 in 14:04.96, and Anthony Austin picked up for the departed Rourke Lowe (back to football for spring practice) by winning the 400 intermediate hurdles in a strong 53.14.

Timbers' sign new European

PORTLAND, Ore. (AP) — The man who coached Holland in the last two World Cups says age and an injury may have prompted the Belgium team Anderlecht to allow Dutch winger Robbie Rensenbrink to escape to the Portland Timbers.

But Los Angeles Aztec Coach Rinus Michels, who coached Rensenbrink in the World Cup competition in 1974 and 1978, still thinks the Portland Timbers picked up one of the best soccer players in Europe.

The Timbers announced Friday that the 31-year-old Rensenbrink has signed a two-year contract with the North American Soccer League club.

Michels said the injury Rensenbrink reportedly suffered this season must not have been too serious and Portland General Manager Peter Warner, who said he knew nothing of an injury, agreed.

Warner noted that Rensenbrink scored 22 goals for Anderlecht this season, down only slightly from the 25 he scored last season.

"Even if he's getting older, he's an excellent left winger," Michels said. "He's a top player, and very modest both on and off the field."

"For years, he's been one of the best players in Europe,"

Women smash Red Raiders

The Oregon women's tennis team took another easy win Saturday as they thumped Southern Oregon State College, 9-0. The victory gave the women two shutouts in a row; OCE went down to the Ducks 9-0 last Thursday.

The Ducks were tested somewhat in singles play, as both Cathy Rudolph and Debbie Goddard needed three sets to win. Rudolph took a 6-3, 2-6, 6-3 win and Goddard prevailed 6-2, 2-6, 6-4.

Straight set wins went to Nancy Curfman, Susie Hunt, Lynne Haeckler and Laurie Jocaoby.

In doubles, Curfman and Haeckler played well in earning a 6-2, 7-6 win. Meanwhile, the teams of Hunt and Rudolph and Goddard and Kelly Akerson coasted to victories over their Red Raider opponents, winning 6-1, 6-0 and 6-1, 6-1 respectively.

Oregon will face OCE for the second in a week Wednesday in Monmouth.

SelectCare Offers Employees and Their Families What Medical Insurance Should... Comprehensive Benefits... Local Service... Health Promotion... and Quality Care.

This week at the U of O Health Faire, you will be presented with an innovative concept in health protection — SelectCare, a health maintenance organization. We'd like you to learn more about SelectCare because it may soon be offered to employees at the University as an alternative to current medical insurance programs. We think you'll discover that SelectCare offers you better health coverage, better local service and fewer out-of-pocket expenses.

In the spirit of the Health Faire, we want you to realize SelectCare is not just medical insurance. We emphasize preventive health care and we offer and cover health promotion programs. To us, that is health care... keeping you well... keeping you healthy.

Please stop by our booth on April 23rd at EMU 167 to learn more about Lane County's only Health Maintenance Organization. SelectCare: We offer you more for your health care dollar.

1. Full Time Access to Medical Services

SelectCare meets your health care needs 24 hours a day, 7 days a week, year round. You receive convenient access to medical facilities when you need them.

2. No Claim Forms

SelectCare dispenses with the "red tape" common to many medical insurances. Simply show your SelectCare membership card for virtually all doctor, hospital and emergency care services.

3. No Calendar Year Deductibles

More health care services are covered in full by SelectCare. First dollar coverage on these means substantial savings on medical care costs for you and your family.

4. Your Choice of Doctor

Major Lane County hospitals and most Lane County physicians cooperate with SelectCare in offering our services to our members. You will probably be able to remain with your present doctor. Ask SelectCare.

5. Cost Control

SelectCare emphasizes preventive health care, reduction of unnecessary medical care and cost controls for medical

expenses. This can provide you with the most efficient, most effective health care possible.

6. Health Promotion

SelectCare works with you to stay healthy. We promote good health by organizing and identifying health education programs such as weight and smoking control, nutrition, relaxation and handling and management of chronic illnesses.

7. More Benefits for Your Dollar

SelectCare covers in full most doctor, hospital, lab and x-ray services. Just some of these include: routine physical exams, gynecological exams, office visits, maternity care, well baby care, immunizations, hospital visits, surgery and much more. Ask SelectCare.

8. Local Service and Local Control

SelectCare is a private, non-profit organization sponsored by Lane County citizens for Lane County citizens. We are Lane County's only Federally qualified Health Maintenance Organization, which means we have met strict requirements for quality medical care and financial stability. As a member, you have a voice in our operation and we encourage your participation.

SelectCare

Your partner in health care.
