Commissioner Jerry Rust

has an energetic plan

"I have worked actively against the proliferation of nuclear power. While others sat back, I researched the alternatives and put forth ideas which are now generally accepted."

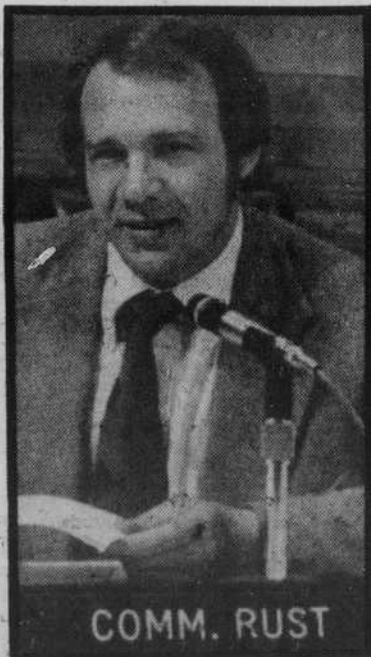

Energy-Jerry Rust has:

- Established the office of Appropriate Technology.
- Supported 10 solar installation on public buildings.
- Actively supported recycling programs.
- Worked with Lane Community College on the development of an alternative energy job program.
- Proposed Oregon's first accepted county ENERGY PLAN
- Worked with the University of Oregon on the "Energy Hot Line".
- Promoted use of bikes, small cars and mass transportation.

MORE THAN PROMISES. RESULTS.
