Club smashes car to rebuild funds

The University Model United Nations organization expects its fund-raising event today to be a smashing success.

The group will have a used 1970 Toyota car at the corner of 13th Ave. and University St. for people to hit to work off their frustrations, according to Tim Mitchell, a sophomore political science major and fund-raising coordinator for the group.

"We're charging 25 cents for one hit and — if you're really frustrated — five hits for a dollar," Mitchell says. The event will be held between 9:30 a.m. to 3:30 p.m.

The car was donated to the student group by Stiles Imported Motors, Inc., and will be

towed away when demolished by R & W Used Auto Parts. Both are Springfield firms.

Potentially dangerous parts of the car, such as the windows and gas tank, will be removed before the smashing starts, Mitchell says.

Funds raised will help cover transportation for the 35-member group to Model United Nations events in California and Washington and help cover planning costs for the Model United Nations regional conference the group will sponsor here in March. Some one thousand Model UN participants are due in Eugene for that event.
