Ex-hostage hospitalized

ARLINGTON, Va. (AP) — One of the 52 former hostages, Robert Ode, was hospitalized Tuesday night, suffering from pneumonia and exhaustion, a spokeswoman at National Hospital said.

"He had a little fever and a cough and obviously fatigue," said Susan Steif, the hospital's director of public affairs.

Ode, who at 65 was the oldest hostage, checked into the hospital's emergency room shortly after 7 p.m. and was admitted to the hospital, Ms. Steif said. He was listed in satisfactory condition.

State Department spokesman Jack Tuohy said Ode, accompanied by a member of the

department's medical staff, went to the hospital from the hotel where the former hostages were gathering in this Washington suburb. He said Ode was admitted for rest and observation.

Ms. Steif said Ode underwent some tests and was resting overnight before having more tests Wednesday.

Ms. Steif said that during the day the staff at the hospital had been watching the freed hostages being welcomed to Washington.

"Everyone was excited about it. We all had been watching TV and wearing our yellow ribbons and weeping. It had been an exciting day as it was," she said.
