

## Hot seat

Boos, cheers and a burning yellow ribbon greeted former hostage Victor Tomseth during his speech Monday in the EMU Ballroom, but Tomseth, a 1963 graduate of the University, kept his cool. "This exercise of the right of free speech and assembly serves to remind me as much as anything could that I am in the United States of America." Revolutionary Communist Youth Brigade member John Kaiser was arrested for arson (top), angry students hurled espionage charges at Tomseth and a standing ovation marked the beginning and end of his speech.
