FEBRUARY'S CHILD
Your roses are red
My life is so blue
Happiness disappears
In days without you.
An editor's dreams
An accountant's nightmare
Are forever forgotten
In days of despair
Leave Kari and Joni
Behind and afar
In long lovely nights
We'll conceive Cosmic Plar
As springtime comes
and the sun starts to shine
Our love will be one
Forever you'll be mine
On Dupont Circle
Or the White House lawn
You have to be here
For our love to dawn.
I LOVE YOU!!!

JACKIE CHEN

Within your love, max a child learn
Of the cherished dreams you couldn't give
For only through understanding that two may climb
Upon the high mountain where lovers yearn
To the thumping of heartbeats in rhyme,
Echo in harmony through the passage of time
Within your eyes,let the fire glow
Radiating warmth so each may live
Together, we travel like an innocent dove
Through embracing arms as the four winds blow
Your beauty, joy, and charm flying above
A sentimental prisoner, within your love.
