THE POLITICAL SCIENCE STUDENT UNION PRESENTS
A FORUM ON POLAND

Polish workers defy communist party leaders as talks with the government falter. Solidarity: "independent union federation" or "counter revolution"? Five day work week, farmer's union, reduction of censorship, freedom of press... will government concede? Will continued unrest lead to Soviet interference? These and other questions will be addressed by specialists from Political Science, Economics, Sociology, and Geography.

La

Salamandre
(THE SALAMANDER)

Alain Tanner's LA SALAMANDRE in his captivating and droll film debut, filled with an infectious high spirit. He achieves this thru a cinematic awareness of the oblique, casual, but all-important ways in which people act. The story concerns the efforts of a 2 young writers - one who relies on intuition and one who relies on facts - to construct a TV script around a purported murder attempt by a young working woman who doesn't get along too well with the world. Bulle Ogur creates a wonderfully kinky and defiant modern heroine. SUBTITLES
