The toughest job you'll ever love

We admit it. It takes a different kind of person to be a Peace Corps Volunteer. We won't mislead you with glowing pictures of exotic lands. The hours as a volunteer are long. The pay is modest. And the frustrations sometimes seem overwhelming. But the satisfactions and rewards are immense. You'll be immersed in a new culture, become fluent in a new language, and learn far more about yourself than you ever expected.

You'll also discover that progress in the Peace Corps is measured in small accomplishments. Such as rural health clinics established in Kenya. Irrigation systems built in Upper Volta. Fresh-water fish ponds started in the Philippines.

The progress may seem modest, but to people in developing nations who have never before had clean drinking water, basic health care, or enough to eat, the Peace Corps brings a message of hope and change.

We invite you to look into the volunteer opportunities beginning this year in 65 developing nations. See our representatives for details.
