We won't promise you beautiful legs, only better ones.

But better looking legs could win you \$5,000.

Good legs look better and better legs look terrific in Exercise Sandals from Scholl. Because Scholl Exercise Sandals not only look great on your feet...they actually do help tone and shape your legs.

The little crest under your toes is what does it. When you step up, your toes curl around that crest. And, when you step down, they relax. That simple action flexes and relaxes your leg muscles, too. And keeps your legs looking firm, toned and terrific.

So do something nice for your legs soon. Start wearing comfortable Scholl Exercise Sandals. Then enter our "Great Legs of Summer Contest." You could win \$5,000. For full details, pick up an entry blank at any Scholl Exercise Sandal or Coppertone display.
