THE SUFI CIRCLE PRESENTS FANTASTIC PLANET

and
HARDWARE WARS
This widely acclaimed masterpiece combines animation, philosophical theories, and surrealism. On a planet far from earth, two races of men have evolved: the giant, blue Draags, a super-mental type and the tiny, primitive Oms, who are being threatened by extermination. The animation techniques are unusual and the story of the changing status quo of each race makes for thoughtful entertaining film viewing. **Hardware Wars** is a hilarious spoof on the pinnacle of sci-fi movies, **Star Wars**. **SATURDAY, MAY 16 7 & 9 PM**

PHI KAPPA PSI PRESENTS

THE ROSE

Bette Midler stars as The Rose, a 1960s rock star who finds her talent and fame can be lonely at times. She goes through drugs, alcohol, and men in her search for happiness. Some say the story is based on the life of Janis Joplin. Midler's acting is solid, her band is tight, and the rock and roll sound track is superb. If you've seen this one before, you will not want to miss it again. If you haven't seen it yet, you will not want to miss it this time. **SATURDAY, MAY 16 7 & 9:30 PM**
