The three one-way, large-loop routes that once plagued this area with long rides have been replaced with streamlined, two-way service! For example, the old Bailey Hill, now called the Bertelsen route sports two-way service along the **entire** route, substantially shortening travel time from the west side of Eugene. University of Oregon students can travel directly to school from the Westmoreland area, although the routing still allows riders to deboard in downtown Eugene. Those living in the Friendly/Jefferson area also have a shortened route, making a downtown trip of **less than twelve minutes** from any point on the route! And through rush-hour service to the major transfer site at 30th and Hilyard, Crest Drive residents now have access to the University, Lane Community College, east-side schools and downtown Eugene! (See page 11.)

- Less travel time for Bailey Hill and Friendly/Jefferson areas.
- Direct access to the University for Westmoreland residents.
- Crest Drive connection to southeast Eugene schools and facilities.
