in 3-D

This monstrously funny version of Mary Shelley's gothic classic plays gore, violence, and insanity for some off-the-wall laughs. This 2-D film uses a full color polaroid process, rather than the cheapo red-green type (like Creature from the Black Lagoon). While people and things (and people-things) are hopping into your lap, just try to remember it's only a movie. Rated R.

THE HAUNTING OF M

This first feature by Anna Thomas is the story of a haunting, and of two sisters who respond differently to the past. Shot entirely on location in Scotland at Kellie Castle, the film is at once a gothic thriller and an elegant psychological portrayal.

NOSFERATU

This meditative movie is the most evocative series of images centered around the idea of the vampire ever made. Director **Werner Herzog** has made the most exquisite film of his career. A literate, faithful adaptation of Bram Stoker's classic novel **Dracula**, ganz plays Jonathon Harker who visits the mysterious Count Dracula (Klaus Kinski) at his remote castle. Dracula spies a photograph of Harker's lovely wife and becomes obsessed with finding her. A mesmerizing cinematic vision of shadowy, chilling death. Dubbed in English.
