A reminder from **FREEWHEELING BICYCLE REPAIR**: Keep your tires inflated to recommended pressure, written on tire sidewall. This prolongs tire life, protects the rim, and significantly reduces rolling resistance, leading to more efficient cycling. Air and other free advice available at **631 East 14th, 683-5204**. 559:11-12

S.L.G. KATHY We've thought about this weekend extensively and come up with these three conclusions. The hot tub Friday night will be the perfect warm-up; two couples are obviously better than one; the weekend could be hot but the weather outside could be frightful; so just remember it's not that we're snowed in, it just might be that everybody else is snowed out. **THE SNOWMEN** 11-12

DDD MIMI: Get psyched for Saturday nite. We'll dance the night away, in a barn filled with hay. It'll be the best time yet, as long as we watch where we step! Your H.D.D. **SCOTT** 11-12

RICK Thank YOU for being such a great barn dance date, and thank god the Duke didn't puke! (the only word that rhymed, sorry!). **MAC** 11-12
