From Associated Press reports

U.S. attache killed in Paris

PARIS

Assistant U.S. military attache Lt. Col. Charles Ray was assassinated Monday by a lurking gunman who police said fired a single shot into Ray's forehead and fled as the victim collapsed on a Paris sidewalk.

The U.S. ambassador to France, Evan Galbraith, said the gunman was "probably a professional and undoubtedly an experienced killer."

Police said Ray was shot about 9 a.m. (3 a.m. EST) as he walked alone to his parked car near his apartment in a fashionable district. He wore civilian clothes and carried a small at-

tache case found by his body.

The only witness police found was a woman who saw the shooting from a distance on her way to work. She said she caught a back view of the killer fleeing on foot and described him as short with long hair and casual clothes.

In Washington, Pres. Reagan decried the assassination as an act of international terrorism, saying Ray "gave his life in the line of duty as surely as if he had fallen in battle."

French Pres. Francois Mitterrand and Premier Pierre Mauroy, expressing outrage, promised an intensive search to find the assassin and offered to bolster security for U.S. Embassy staff.

Galbraith said security for U.S. officials in France would be reassessed because of the

killing, since Ray "did not seem to be a target."

Flying team jets collide; four die

INDIAN SPRINGS, Nev.

Four Thunderbird jets collided in the air Monday during a close-formation drill, killing all four pilots in the worst accident in the history of the precision-flying team, the Air Force said.

Nobody else was aboard the two-seat T-38 Talons as they went through training for the coming 81-show exhibition season that was to begin in March, and no one on the ground was hurt, said Sgt. Jack Conner, spokesman at Nellis Air Force Base.

"I saw the planes come down," said a woman who lives in a nearby trailer park. "I just saw the four planes together. They were up there doing loops and stuff like that."

The woman, who asked that her name not be used, said as the planes neared the ground in formation, suddenly there was a "boom... one great big crash."

It was not immediately known whether the accident would affect the future of the program, which an Air Force fact sheet says was organized in 1953 "to boost morale and confidence in jet aircraft."

Names of the dead were not released, pending notification of relatives.

The Air Force says it has formed a board to investigate the cause of the crash.
