Are you aware that:
from 1976 to the present more than
10,000 people have "disappeared" in
Argentina; that over 5000,000 people,
one-sixth of the population of **Uruguay**,
has left the country in the last ten years;
that as many as 40,000 people in **Chile**
have perished since the 1973 coup; and,
that the military governments in these
countries have received economic and
military aid from the U.S. government?
What's the connection? Find out at the
regional conference:
