distractions' believe it or not: the month of january isn't really three times as long as the other months of the year... it just seems that way!

welcome to the madhouse, angeia. it's really easy, once you're insane. as always, bunches and bunches of thanks to our favorite annie, without whom the whole shabang would go down the prododrain.

sorry, janie, for making you crazy, but i still think it came out beautifully. next time?

special thanks to col. sanders, the best d.m. in middle-earth. and, most of all, love to misse. remember me?

and that's the way it is, wednesday, january 27. this is matt meyer, hoping all your distractions are happy ones.
