

## Vinnie & Ginger

I don't tell you often enough how great you both are and how fun it is to work with you. Ginger, you're a good little toby (as I've said before), and fun head to talk with - so calm and cool. Vinnie, you ups and downs make my day. Thanks for all your support, boys and girls. Happy Valentine's Day. **THE BIG CHEESE** (often lonely at the top)

## KIKI

My affection for you knows no bounds (well, maybe one or two, but why quibble?) Where will I be this summer when you're traipsing through French grapes? Could you get a post office box? Can I call collect? Thanks for my best birthday and guiding me through foggy days with your level head (except when you take those vitamins!) I'm so glad we're spit-sisters. Happy Valentine's Day. Love, **SIMONE**

## MUFFY

Everything to say about you has a sensuous ring. So, I won't. How come you keep me from your friends? (Ok, ok, I'll quit smoking). God, how I miss those Happy Hours. You'll probably have me around for years to come (but pray that you don't). Day to day with you is almost always a joy. Have a good day (Rennie's at 4!) From a future spit-sister (when I'm off the wagon and we meet at the Congo Room for the sacred ritual) **BITSY**
