

1983 FORD MUSTANG GT

**THE BOSS:
ONE HOT PIECE
OF AMERICAN
STEEL.**

Mustang GT for 1983.

It begins in a river of red-hot steel.

It's cast and crafted and bolted together to be the Boss. This year, the 5.0 liter High Output engine has a new four-barrel carburetor for even more muscle. 175 horsepower. It's sprung with a performance suspension and packs 247 lb.-ft. of torque @ 2400 rpm* and a four-speed transmission.

It comes complete with a real bad attitude about being anything but the Boss...

Mustang GT for 1983. It's one hot piece of American steel. Get it together. Buckle up.

*Net torque and horsepower as measured by SAE standard J1349.
