Urban leaders meet in L.A.; applaud Reagan's proposal

LOS ANGELES (AP) — Pres. Ronald Reagan drew the applause of urban leaders Monday for a proposed 5-cent boost in the gasoline tax, and promised the final installment of his cuts in individual income taxes would have a "most dramatic impact" in pulling the nation to economic recovery.

But Reagan said he has no decision on whether to seek a six-month acceleration of the 10 per cent withholding cut due July. "We're going to talk about it" with congressional leaders Tuesday, he said.

GOP leaders told Reagan he doesn't have the votes for a speedup of the final phase of the income tax cut. But White House spokesman Larry Speakes said Reagan talked to key GOP members over the weekend, and "consultations are continuing."

Reagan's message to the National League of Cities annual convention was to stand behind his

long-range economic recovery program and expect little in the way of immediate relief. He urged them to reject, meanwhile, "temporary Band-aids and placebos."

But he won applause when he promised to move quickly on the gas-tax increase, which would be spent, in large measure, rebuilding mass transit systems. The federal gasoline tax is now 4 cents per gallon.

Reagan said the cities are "saddled with concentrations of our nation's most troubling problems, high unemployment, decaying neighborhoods, grim crime rates, idle industries, eroding tax bases, and roads and bridges that threaten to crumble beneath us."

But Reagan quickly added "I have come before you with no magic wand. I am fighting in Washington to reduce, not increase, the big spending that keeps our federal budget badly out of balance."

U.S. has proof of chemical warfare

WASHINGTON (AP) — The administration said Monday it has physical evidence, includ-

ing a gas mask pulled from the head of a dead Soviet soldier, that the Soviet Union has used

chemical weapons against guerrillas in Afghanistan since 1980.

The State Department said it also has reports that the Soviets have been contaminating the water supplies used by Afghan resistance forces, inflicting many deaths.

The department asserted, too, that Moscow is continuing to supply chemical and toxin weapons for use by its Vietnamese and Laotian allies in Cambodia and Laos, with even a few attacks in Thailand.

The evidence from Afghanistan includes two Soviet gas masks bearing traces of toxins which cause blistering, nausea, vomiting and other symptoms, the department said.
