

# Kennedy may nix 1984 race

WASHINGTON (AP) — Sen. Edward Kennedy, D-Mass., appears to have decided not to run for president in 1984 and intends to make a formal announcement on Wednesday, sources close to the senator said late Tuesday night.

Aides who asked not to be identified by name said Kennedy intends to disclose his decision not to run at a late-morning news conference.

"He will make that announcement," said one source.

But this source cautioned that Kennedy had been in meetings on the subject late Tuesday night and there were "still people who are trying to talk him out of it."

Kennedy, who tried unsuccessfully to win the 1980 Democratic presidential nomination from President Carter, has been the front-runner in the

polls for the 1984 nomination.

But aides and other close associates have said in recent weeks that some members of Kennedy's family have been urging him not to run.

One associate of Kennedy said he made his apparent decision at a family Thanksgiving holiday.

Kennedy arranged a meeting with House Speaker Thomas O'Neill, D-Mass., a long-time political ally, for Wednesday morning, apparently to inform him of his decision.

The Boston Globe said in Wednesday editions that political associates had told Kennedy that if he ran, he had as good a chance as anybody of winning the nomination if the economy continued in a slump, but would have a poor chance of winning the election.

# OLCC slams door on efforts allowing drive-through sales

MILWAUKIE (AP) — The Oregon Liquor Control Commission unanimously rejected a request Tuesday to allow a liquor outlet in east Multnomah County to experiment with drive-through sales.

The vote came after testimony from several opponents of the proposal.

Grant Lowery had asked that he be able to experiment with drive-through sales. He said a survey of his customers showed they favor the idea. He also said other states had successfully allowed drive-through liquor sales.

Carole Satterfield, representing Washington County's Mothers Against Drunk Drivers, criticized the scheme.

"Historically the state of Oregon has been willing to spend millions and millions of dollars for alcohol treatment and rehabilitation programs," she said. "What we have done is look at the problem after the horse is out of the barn."
