

Music school will host classical trio tonight

University News Bureau

The Rogeri Trio will perform at 8 p.m. today in Beall Concert Hall as part of the University Chamber Music Series.

The group will perform Beethoven's Trio in D Major, Symphony No. 2, Op. 36, Ives' Trio and Tchaikovsky's Trio in A minor, Op. 50.

Trio members are Barbara Weintraub, piano, Richard Young, violin and Carter Brey, cello.

The top prize winner in the 1978 International Munich Competition, Weintraub has performed as a soloist with a number of American orchestras.

Young, highly praised by many of today's composers, has played in recitals and solo appearances with orchestras

throughout the United States and abroad.

Brey, the top American prize winner at the Rostropovich International Cello Competition at Paris in 1981, also was awarded first place at the 27th International Munich Competition.

The Rogeri Trio has played throughout the United States and has been in residence at Hartt College of Music and at Yale University, where it presented the complete Brahms chamber music with the Tokyo String Quartet.

The trio is currently the resident ensemble at Oberlin Conservatory.

Tickets for reserved seats, which went on sale Monday at the University music school, are selling for \$6 and \$4. Tickets will also be available at the door.

New bike regulations topic of public hearing

New rules governing licensing and use of bicycles at the University will be the topic of a public hearing 3 p.m. tonight in EMU Room 101.

The rules provide for the registration and licensing of bicycles used on campus and state where these bicycles may be used and parked, says Muriel Jackson, assistant for administration in the President's Office. She will serve as hearing officer.

The new rules will make previous policies more formal and provide rules for registration of bicycles with the University's public safety office.

Studying hints offered tonight

Students who have the finals' blues may find some help at the Learning Resources Center.

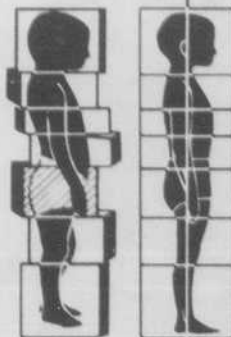

"How to Study for Finals" will be a workshop offered tonight at 4 p.m. in Room 102 Gilbert and Tuesday at 11 a.m. in the EMU Forum Room.

According to center director David Hubin, the session will offer approaches to organizing study, recognizing course themes, anticipating exam emphasis and integrating course texts with lecture notes.

The LRC also will offer "Writing Effective Essay Exams" Monday at 3:30 p.m. in the EMU Forum Room.

The workshops are free and open to all students.
