

**The world's smallest stereo cassette.
It's less than a handful but sounds like a roomful.
The Way™ from Panasonic.**

Way smaller than the rest.
The Way is the world's smallest stereo cassette player. It fits in almost any pocket. And it weighs in at under 9 ounces. The new Way from Panasonic, in red and white (RQ-WJ1) or metallic grey (RQ-KJ1).

Way out sound.
With its super-lightweight adjustable headphones, you'll feel like you're moving with a roomful of music between your ears. And on the move, its anti-roll mechanism helps keep the sound from fluttering.

Way easier to use.
The controls are big, and each one has a different shape. So you can use the Way by feel. Even use it with your gloves on. There's also a holster that lets you change tapes without removing the Way.

Way ahead on features.
A unique pause switch on the headphone wire stops the music while you stop to talk. So you'll never miss a beat. And one headphone wire means way less tangling. The Way is way ahead of its time.

Tapes and AA batteries not included.
