

Left, Palin, Cleese and Chapman (left to right, in uniforms) inspect a very nasty bit of special makeup which is supposed to make us feel sick and queasy — as do many of their sketches.

At far left, Terry Jones in drag this time, in one of his favorite roles, a frumpy British housewife. Eric Idle looks spookily like an American television religious figure.

Below left, this is not a scene from Oliver! Learn "The Meaning" nationwide March 25.

The Jensen RE530 travels in a class by itself.

Car audio performance moves much further down the road, with the new Jensen® RE530 electronically tuned stereo cassette receiver. By continuously self-adjusting for signal quality, our Automatic Program Control makes excellent reception of *both* local and distant signals possible. And coupled with our 4-element tuner and double balanced mixer, the RE530 delivers the best FM performance on the road.

The RE530 is packed with other great features, too. Like auto reverse and tape search, Dolby® and Dynamic Noise Reduction® systems, and Jensen's exclusive Flex-Fader™ circuitry that lets you use an external amp while still utilizing the RE530 internal amplifier. It's simply the most complete package of top sound performance in car audio today. And maybe tomorrow.
