LSE London School of Economics and Political Science

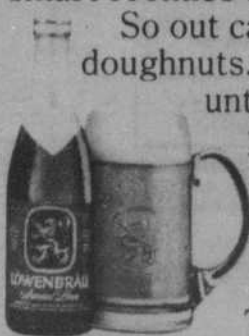

Good friends will help you study angles when all you can think about is curves.

It didn't take a genius to tell your mind wasn't on your studies. But it did take a couple of smart roomies to do something about it.

So out came the calculators. And the doughnuts. And they started drilling you until you knew physics as well as you know yourself.

When it was all over, you showed them that there was one more thing you knew something about—gratitude. Tonight, let it be Löwenbräu.

Löwenbräu. Here's to good friends.
