

EPA, DEQ set hazardous waste hearing July 18

Oregon residents have until July 18 to comment on the issuing of a joint license for the temporary on-site storage of hazardous wastes to the Hewlett-Packard Company.

The Environmental Protection Agency and the Oregon Department of Environmental Quality propose to issue the license to the Corvallis facility, which manufactures hand-held

calculators, small computers, integrated circuits and thermal printheads.

The proposed license would allow collection and storage of hazardous waste generated on-site until shipment to a licensed disposal site.

The purpose of the 45 day public comment period, required by law, is to gauge significant public interest in holding a public hearing.

The EPA and the DEQ reserve the right to cancel the public hearing if sufficient public interest in holding a hearing is not communicated to the EPA or DEQ by July 18.

Persons wishing to comment on the issue should send written statements to the Oregon Department of Environmental Quality, Hazardous Waste Operations.

WAITING FOR LOVE

"The skies are limpidly blue, the plot breezy, the setting an eternally sunny Odessa. 'Waiting for Love,' a hit in the Soviet Union, is a boulevard comedy par excellence. The story follows a day in the life of Margarita (the enchanting Ludmila Gurchenko) and eternally romantic 38 year old photo lab assistant. Plus a special treat.
