## Hoyt wins Cy Young

**NEW YORK (AP)** — LaMarr Hoyt, the barrel-bellied Chicago White Sox right-hander who led the major leagues with 24 victories this year, was named the winner of the Cy Young Award in the American League on Tuesday.

The previously unheralded Hoyt, who has won 43 games over the past two seasons and led the White Sox' second-half romp to the AL West title, received 17 first-place ballots and was the only one named by all 28 voters on a special panel of baseball writers.

He had a total of 116 points, easily outdistancing reliever Dan Quisenberry of the Kansas City Royals, who finished second with nine first-place votes and 81 points. Quisenberry, who set a major league record for saves with 45, was named on only 23 ballots.

Jack Morris of the Detroit Tigers was third with two first-

place ballots and 38 points.

The ballots were cast by two members of the Baseball Writers Association of America from each American League city. Voting took place before the American League playoffs and World Series. Hoyt won the opening game of playoffs 2-1 over Baltimore, the White Sox' only win in the postseason series.

Dewey LaMarr Hoyt \* he prefers his second name \* is a self-styled "blue-collar" pitcher who was widely ignored until Chicago's surge to baseball's forefront in the second half of the 1983 season.

Despite a league-leading 19 victories for a third-place team in 1982, he didn't get a single first-place vote for the Cy Young Award, which went to 18-game winner Pete Vuckovich of the Milwaukee Brewers. He also failed to make the American League All-Star team either this year or last.

**A TELEPHONE ANSWERING MACHINE SHOULD BE AS EASY TO USE AS A TELEPHONE.**

Now that sounds logical doesn't it? A telephone answering machine that's so easy to use, a touch of a finger readies it to record calls while you're away at work or jogging around the block. Another touch commands it to play back your message instantly. The secret of Sony's RS-20 Telephone Answering Machine is a microprocessor that does all the work: the rewinding, message recall and tape positioning. Other machines offer a confusion of knobs and buttons. Sony's RS-20 offers an uncluttered, uncomplicated, totally reliable way to record messages and even to screen calls without answering the phone. Ask about the RS-20's other features. Simple? Sophisticated? You bet. It's "The Answer" from Sony.
