

Good afternoon. The sponsor—whom you may know better as Rainier Beer—has asked me to say a few words in behalf of this latest release. Very well ... Tasteful. Sophisticated. Intensely reFreshing. In fact, I consider it a veritable milestone in the annals of the brewing industry. So keep a Fresh eye out for Rainier's double bill of *Psycoldpack* with *Beertigo*. (By the way, for a full-sized and Rainierized movie poster showing yours truly, the Man Who Brewed Too Much, send your name, address, and check for \$2.50 to: Beeraphernalia, Rainier Brewing Company, 3100 Airport Way S., Seattle, Washington 98134.)
