LIBERAL ARTS MAJORS... You're Needed All Over the World

Ask Peace Corps volunteers why their ingenuity and flexibility are as vital as their degrees. They'll tell you they are helping the world's poorest peoples attain self-sufficiency in the areas of food production, energy conservation education, economic development and health services. And they'll tell you about the rewards of hands on career experience overseas. They'll tell you it's the toughest job you'll ever love.

Your Liberal Arts, Math, Ag. and skilled trade skills can take you overseas starting this summer.
