Open 7 Days 860 E. 13th

GO FROM SENIOR TO MANAGER.

Whatever your degree, the Navy can put you in a management position right away. You begin your Navy career with some of the most sophisticated technical and general management training available in important fields like electronics, inventory control, purchasing, personnel administration, engineering and systems analysis.

And from your first day as a Navy officer, you have decision-making authority. You're given the level of responsibility you need to turn textbook knowledge into professional know-how fast.

All you need is a BS or BA. You must be no more than 34 years old, pass physical and aptitude exams, qualify for security clearance, and be a U.S. citizen.

The Navy benefits package is outstanding: 30 days' paid vacation earned each year, medical and dental care, low-cost insurance and tax-free allowances.

If this kind of responsibility interests you, call the Naval Management Programs Office at: 800-452-3872

et al.

THE INTERNATIONAL TRADE ADMINISTRATION offers undergraduates and graduate students majoring in trade-related fields the opportunity to gain paid, hands-on experience in their field through their Co-op Education Program. Students rotate between periods of full- or part-time work and full-time study. Co-op employees may be given the opportunity for employment with ITA following completion of their academic and work-experience requirements. Applications are due on July 27. Students interested in the program should contact the International Studies Program, 837 PLC, or call 686-5051.
