MY DINNER WITH ANDRE
Although consisting entirely of a dinner conversation between two playwrights (Andre Gregory and Wallace Shawn) this film opens up the imagination more than the most grandiose, location-hopping epic. Much of the film's humor and dynamism derives from its serendipitous interplay between the two central characters - the elegant quixotic, spellbinding visionary Andre and the quizzical, lumpy, obtuse rationalist Wally, playing a stubbornly prosaic Watson to Andre's soaring Holmes.
Don't miss it!!
