

# Fashion NOTABLES

Mousse can make your hair stand on end. Literally. Many brands and special formulas of the fantastic foam, "a hair-sculpturing" product, are sold at hair salons nationwide. Fans of mousse claim that it is easy to use and very versatile — it can be applied for a slicked-back '50s look or a full, loose-curved look. Others complain that mousse leaves a residue and makes hair stiff. But no one, fans or foes, can deny the foam's increasing popularity since its introduction to the market last December. And the price is right: Mousse prices range from about \$3 up to about \$14.

It's a gift for the person who has everything. It's smelly and fun and very outrageous. Aroma Disc by Aromance is a machine that, by "playing scent disks" (heating up a scent-soaked cloth on a disk), fills a room with odors of your choice. There's "Movie Time," which smells like popcorn. Or Pina Colada, Honeysuckle and Apples 'n' Spice. Wintertime is pine trees and snowflakes; After the Party is black coffee. The machine costs \$25 and one disk. Ocean Breeze, is included. Each additional disk costs \$4. Aroma Disc is sold at Kaufman's stores in Eugene.

Tired of your old Timex? Switch to a Swatch. Swatch watches are zany plastic timekeepers imported from Switzerland that come in a rainbow of bright colors, and in styles and sizes for both men and women. The Swatch Watch face-designs vary from high tech to conservative. The watches owe their accuracy to a quartz crystal and are both water and shock resistant. Indeed, one of the most appealing aspects of Swatch watches are the prices: under \$30 in the United States, and as low as \$18 in Europe (you could almost make a special trip). Swatch watches are so terrific, some fans even wear two — at the same time. The watches can be bought in Eugene at The Paper Traders Annex in the Fifth Street Public Market, and at the Eugene Trading Co., 651 E. 13th St. — as soon as a new shipment arrives to replenish their stock.
