

MONDALE/FERRARO

FOR 1984 AND THE FUTURE

Sanity In Foreign Policy and National Defense

Mondale supports a freeze on nuclear weapons, negotiated political solutions to problems in Central America and the Middle East

Cutting Deficits To Lower Interest Rates

Reagan's continued deficits threaten Oregon and the nation's economic future

Fairness In Taxation

Under Reagan, the poorest fifth of Americans lost 8% of real income. The richest fifth gained 9%

Protection Of Women's Rights

Reagan opposes ERA and women's rights to choose

Federal Funding for Education

Mondale will restore funding for student financial aid, for basic and applied research, for programs for excellence in education

A Just Supreme Court

Prevent Reagan from stacking the Court with anti-civil liberties, anti-women's rights conservatives.

We urge our fellow members of the University community to vote for MONDALE/FERRARO on Tuesday, Nov. 6
