**HP12C Slimline Programmable
Financial \$99⁹⁵**
Reg. 120.00

10 digit LCD in standard or scientific notation. Automatic power off. Automatic memory allocation. RPN logic system. Single and backstep program review. Unconditional branching capability with two conditional tests. Continuous memory feature. Business functions include: solve for number of periods, compound interest, present value, payment and future value. Amortization function. Bond functions include price and yield to maturity, with ability to compute yearly depreciation expenses and remaining depreciable value by straight line, sum-of-years digits, or declining balance.

Portable Financial Computer

Reg. 99.95
\$84⁹⁹
Model EL-5510

Dual keyboard and text, ability to use statistical information and financial functions in BASIC mode, financial functions include compound interest amortization, discounted cash flow analysis, etc. 19 statistical functions, including linear regression. 3534 BASIC program steps. 16 character dot-matrix display. Ability to store and recall 18 separate programs under different labels. 26 data memories for storing values in BASIC mode. 18 instant BASIC instructions for fast programming.

**HP11-C Slimline Programmable
Scientific \$69⁹⁵**
Reg. 90.00

Pocket-size calculator features 203 lines of program memory. 10-digit liquid crystal display. Automatic power-off feature. Scientific functions include modes for degrees/radians/grads, hyperbolic or inverses, rectangular coordinates/polar coordinates, decimal angle. Statistical features include 1 or 2 variable mean or standard deviation, summation, linear regression/estimate, correlation coefficient, factorial, gamma, combinations/permutations, and random number generator. Automatic memory allocation. 5 user-definable keys. 10 numeric program labels and 5 single character program labels. Single or backstep program review with scrolling. Conditional and unconditional branching. 4 levels of subroutines. Controlled looping.

**10-Digit Financial
Calculator with Text**

44.95
\$39⁹⁵
Model EL-533

Powerful wallet-size financial companion in elegant silver & gold-tone finish. Performs interest calculations automatically. Computes cost, selling price, or margin/mark-up instantly if given the other two values. Amortization of payments. Discounted cash flow analysis. Statistics mode includes linear regression and prediction. Annual rate/effective rate conversion. Easy calculation of monthly payment problems with x12: 12 functions.
