THE GODS MUST BE CRAZY

A wonderfully funny and wistful adventure begins when a coke bottle falls into an idyllic tribe of Kalahari bushmen and causes strife. When Xi, their gentle chief, decides to take the evil object to the end of the earth and throw it off, he runs headlong into a herd of "civilized" people, including a bumbling microbiologist, an idealistic school teacher and a band of card-playing communist revolutionaries. It's a glorious blend of slapstick humor, romance, sty political commentary and astute anthropology.

Not Coercive Utopianism
 This film was made by an independent production company (based in South Africa) whose only sin is working in a country ruled by an authoritarian regime that most of us find very repugnant. Jamie Uys, the producer/director/writer is in NO WAY PRO-APARTHEID. The film was made as tribute to the Kalahari peoples. If you choose to deny yourself the experience of this unique motion picture it's your loss. - But don't pretend that by doing so you are in any way fighting Apartheid.

A WAY TO SAY THANKS TO YOUR PROFESSOR
 Do you have a professor who inspires you to dedicate yourself to your studies? Who makes you think and want to learn? Count your blessings and nominate this person for either a 1985 Ersted or a Burlington-Northern distinguished teaching award. Two Ersted awards and three Burlington-Northern awards will be made at June Commencement. It only takes a moment but it makes a great difference to the professor. It says, "Keep up the good work!" Pick up nomination forms at the ASUO office, EMU office, Library, Student Services, or Provost's office.
 The deadline is Friday, March 15. 4356-3-12
