PERSONAL ELECTRONIC PORTABLE

Only 5½ lbs., less than 3" high!

You will be staggered by the flexibility of this unique portable. And yet, with all the features we've crammed into it, it's still light and compact enough to easily tuck away and carry away in an attache case. But it's a real heavyweight when it comes to productivity. The extra capacity jumbo cassette ribbon and built-in RS-232 computer interface can generate huge volumes of work at lightning speed. It has every portable feature plus many office functions including a 15 character visual display, 4000 character storage memory, automatic centering, 88 character keyboard and built-in 4-function calculator. This unique portable communications center conveniently operates on AC or batteries.
