As a Marine Officer, you could be in charge of a
Mach 2 + F/A-18A, a vertical take-off Harrier or
one of our other jets or helicopters. And you could
do it by the time you're 23. But it takes a special
commitment on your part. We
demand leaders at all levels.
We teach you to be one. If you're

a freshman or sophomore, ask about our under-
graduate officer commissioning programs. If you're a
junior, check out our graduate programs. Starting
salaries are from \$17,000 to \$23,000. And

you can count on
going farther...faster.
We're looking for a few good men.

**Go farther...
faster.**
