## Libyan says U.S., Israel plan terrorist acts

TRIPOLI, Libya (AP) — A Libyan official claimed Wednesday the United States and Israel are planning terrorist actions in Europe that will be blamed on Moammar Khadafy's government as a pretext for future military attacks on Libya.

The information came from intelligence sources in "friend-

ly states, including European countries," Information Minister Mohammed Sharafeddin told reporters. He gave no further indication of his sources.

Sharafeddin said the attacks would happen "within the next hours," an Arabic phrase that means "in the near future."

"This information stresses that Mossad (Israeli intelligence), together with American intelligence, want to conduct operations in Europe and they want to put the responsibility upon the Jamahiriya (Libya)," Sharafeddin said.

In Washington, White House spokesman Larry Speakes said: "The CIA is not causing terrorist incidents in Europe."

telligence," he said.

When asked what sort of attacks were planned, Sharafeddin replied: "Operations similar to the West Berlin nightclub bombing."

An American sergeant and a Turkish woman were killed in the bombing April 5 and 230 people were injured, 63 of them Americans. The United States says the attack on the La Belle disco, a haunt of American soldiers, was planned by Libya.

The Libyan minister said the alleged plot's objectives were "to create a lack of confidence in the European public opinion which is sympathetic with the Jamahiriya, especially after the barbaric American aggression... and to create and find a justification for aggression, especially after the failure of the first aggression."

"For this reason, we want to make the public opinion aware of this campaign which is staged by Mossad and American in-

Earlier Wednesday evening, the information minister told foreign journalists they must leave the country by the end of the week.

About 250 foreigners were admitted to the North African country after the U.S. air raids April 15 on Tripoli and Benghazi. They were kept in one hotel, taken on carefully guided tours and shown what Khadafy wanted them to see.

## S. African government to eliminate 'pass' laws

JOHANNESBURG, South Africa (AP) — The white government formally announced Wednesday that it will make the most sweeping reform in generations of apartheid by scrapping dozens of laws that restrict the movements of blacks.

But it said blacks still will not be permitted to live in white areas.

Anti-apartheid leaders complained that the reforms, while welcome, do not address the demands of South Africa's 24 million voteless blacks for a share of political power.

In another action, Justice Minister Kobie Coetsee announced Wednesday that the sentences of at least 20,000 prisoners will be reduced by six months in a general amnesty to be declared May 31.

He said the amnesty, to coincide with the 25th anniversary of the establishment of the Republic of South Africa, will not apply to people imprisoned for offenses related to racial unrest, robbery, rape or assault.
