

# We did our homework. Now do yours.

You want a computer for college. You don't know which one to get. You're confused. You get depressed.

Don't be.

Because the answer to all your computer problems is at your campus computer center. Where you'll find Macintosh™ personal computer and a selection of Macintosh products specifically suited for students.

The Macintosh personal computer lets you work faster, smarter and more creatively. The Apple® External Disk Drive gives you the power

to store and access information faster. And the ImageWriter™ printer lets you print out crisp copies of your work. Lastly, there's the Macintosh carrying case. Which lets you take your Macintosh system wherever your work takes you.

So go to the campus computer center and pick up a Macintosh brochure.

And remember. When you bring a Macintosh home, there's a good chance you'll be bringing home something else. Better grades.
