Apple puts the fun back into student demonstrations.

All you have to do is march yourself down to your campus microcomputer center before May 15th and spend five fun-packed minutes letting us demonstrate how a Macintosh™ computer can make life much more pleasant for you.

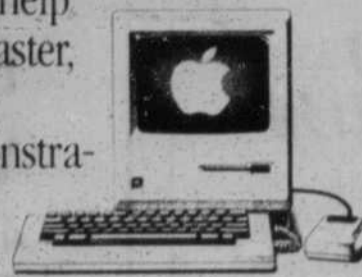

In return, we'll enter your name into a drawing where one very lucky person on campus will win the grand prize of five hundred dollars.

That's \$500. Cash. American. To

spend on your education, or something really worthwhile.

And, for those of you with the average amount of luck, there are free Apple® painter's caps for everyone who comes in and learns how a Macintosh can help you work better, faster, and smarter.

It's one demonstration that could change your life.

No purchase necessary. To become eligible for prizes, each participant must fill out the entry form provided at participating microcomputer centers. Winners need not be present to win. Odds depend on the number of entries at each location. All prizes will be awarded. List of prize winners obtained by sending self-addressed envelope to Gary M. Reynolds & Associates, Inc., 10535 W. Bluemound Road, Brookfield, WI 53005. © 1986 Apple Computer, Inc. Apple and the Apple logo are registered trademarks of Apple Computer, Inc. Macintosh is a trademark of McIntosh Laboratory, Inc. and is being used with its express permission. More details available at your campus microcomputer center.
