The True Story of the Real Alice in Wonderland.

Dreamchild

★ ★ ★ The wittiest and most beguiling film in ages turns its fantasy on a trip to the United States by an 80-year old British grande dame, who was the model for "Alice in Wonderland." Coral Browne is absolutely marvelous as the tart old lady invited to speak at a 1932 celebration at Columbia University. She is haunted by memories of her childhood friendship with the shy and stuttering author who adored her, superbly played by Ian Holm. Carroll's serendipitous creatures are charmingly recreated by Jim Henson.

The day we have been dreading is drawing near. These last two years have been the best ever as we have grown together through times of both good and bad. You have always been there in my times of need with your open hands and loving heart, and I will always remember this. Now, we must look toward the future in which I hope will bring us even closer. Stay away from those pilots and we'll open that bottle of wine in six years. I'll love you forever. RICK. 6-5
