Hostage, family

WIESBADEN, West Germany (AP)— David Jacobsen wept for joy Tuesday on seeing his children again and said he longed for the day other Americans held in Lebanon also are free.

Jacobsen's three grown children arrived in nearby Frankfurt on Tuesday morning to see their father. He was released by his Shiite Moslem kidnapers in Beirut on Sunday after more than 17 months of captivity and now is undergoing medical tests at the U.S. Air Force Hospital in Wiesbaden.

Court asked to be fair

MANAGUA, Nicaragua (AP)— A captured American mercenary said Tuesday he would ask the Nicaraguan government to show compassion if he is found guilty by a revolutionary court of terrorism and other crimes against the state.

Eugene Hasenfus, 45, of Marinette, Wis., made the statement while being questioned by the prosecution and then his chief defense attorney in the afternoon session of the Sandinista People's Tribunal.

Hasenfus acknowledged that he was aboard a U.S.-made C-123 cargo plane that was flying arms to Nicaraguan rebels when the plane was shot down by Sandinista troops in Southern Nicaragua on Oct. 5.

National

Iran arms deal denied

WASHINGTON (AP)— The White House, seeking to curb speculation that an arms deal with Iran might have freed an American hostage in Beirut, on Tuesday reaffirmed a U.S. ban on weapons sales to that nation.

"As long as Iran advocates the use of terrorism, the U.S. embargo will continue," White House spokesman Larry Speakes told reporters aboard Air Force One.

Speakes was responding to reports that the United States might have sent an emissary to Iran to offer arms or communications equipment to help

win the release of David Jacobsen, a hostage who was freed over the weekend after 17 months in the hands of a pro-Iranian group in Lebanon.

Regional

Restraining order

PORTLAND (AP)— A federal judge issued a temporary restraining order Tuesday, preventing a company from logging old-growth timber in a section of the Willamette National Forest near Detroit.

U.S. District Judge James Burns, acting on a request by two environmental groups, ordered the Bugaboo Timber Co. to halt its logging of trees in an area where it is building a road. The road would be used to allow the clear-cutting of 7.6

million board feet of timber in a 63-acre area 12 miles east of Detroit.

Loose rock kills man

MT. VERNON (AP)— A rock the size of a cantaloupe came off an Oregon Highway Division truck and slammed through the windshield of a car, killing a passenger in the vehicle, the state police said Tuesday.

The dead man was identified as 77-year-old Edward Castle of Dale.

A dispatcher in the state police office in John Day said that the truck was northbound on U.S. Highway 395 four miles north of Mt. Vernon, and the vehicle in which Dale was riding was traveling southbound on the highway when the accident occurred at 2 p.m. Monday.

A101 Freshman Orientation

Nothing could have prepared me for the first few moments with my roommate. "Anique"—nothing more, just "Anique"—was her name. Change the "A" to a "U" and you've got a description.

When they asked what type of roommate I wanted, I didn't know that I needed to be more specific than non-smoker. I could swear I saw a picture of Anique on a postcard I got from London. Within five minutes, I found out that she was an Art History student, into the Psychedelic Furs, and totally, totally against the domestication of animals.

I was just about ready to put in for a room transfer when she reached into her leather backpack, pulled out a can of Suisse Mocha and offered me a cup. Okay, I decided I'd keep an open mind.

As we sipped our cups, I found out that Anique and I share the same fondness for Cary Grant movies, the same disdain for wine coolers, and the same ex-boyfriend.

That gave us plenty to talk about.
