

# Excellence At A Price You Can Afford.

Everyone knows that your college years are the most important for your future. And we couldn't agree more. Which is why we think the Macintosh™ personal computer will help you achieve your goals—at a price that's easy to afford.

For writing term papers, organizing schoolwork, classifying notes—alphabetically or chronologically, Macintosh is faster and easier. Because Macintosh combines technology with an intuitive way of working. Your way!

Turning in a project that has been created on a Macintosh will help get you noticed by your teachers. It may even push you one step closer to the Dean's list.

Visit our store today for your free demonstration. Whatever work your college education demands, Macintosh can help you achieve excellence—at a price that's easy to afford.
