

# Now what you don't know can't hurt you. Panasonic has typewriters that spell, correct, draw, even work with computers.

Have you ever lost points for spelling? For reports with more white-out than ink? Or for pie charts that look half-baked? Then get your hands on a Panasonic electronic typewriter.

#### TYPEWRITERS THAT KNOW 86,000 WORDS.

The new Panasonic typewriters with Accu-Spell™ will dispel your fears about spelling. They have an 86,000-word electronic dictionary.\* And room for 300 personal words. Accu-Spell helps you find many of those little mistakes that English teachers catch. Like misspelled abbreviations, irregular use of capitals, and many punctuation errors, too.

These Panasonic typewriters give you a choice of features that will leave you spell-bound: The Quick Erase key lifts off an entire word, automatically. The LCD screen lets you see what you're typing before it hits the page. Or lets you review what's stored in memory. That makes text editing easy.

And thanks to our Cupwheel™ printing element, you get all

of this and more in a sleek, slim package.

#### TYPEWRITERS THAT DRAW IN 4 COLORS.

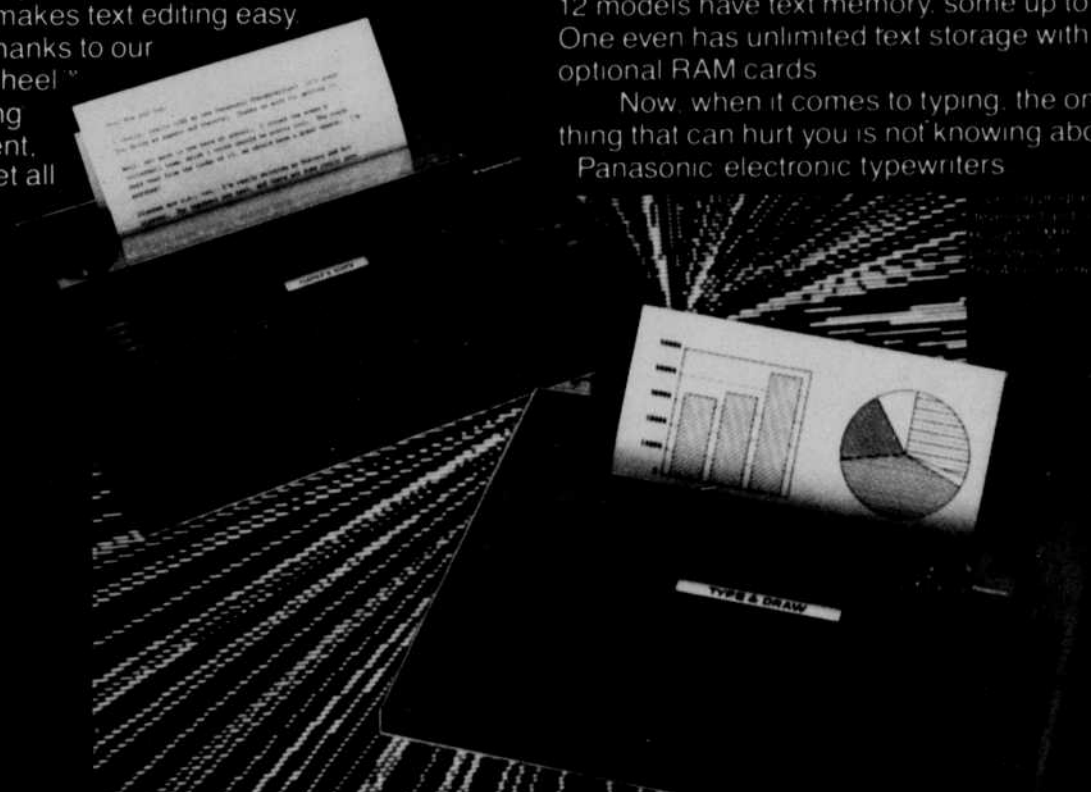

The Panasonic Penwriter™ Electronic Typewriter makes what you type more graphic. More than a typewriter, Penwriter actually draws pie charts or bar and line graphs. And it can type reports in 4 colors, 10 letter sizes and 2 type styles.

#### A UNIQUE TYPE OF THERMAL TYPEWRITER.

Panasonic Thermal Typewriters do more than you expect. Unlike any other thermal typewriter, they have automatic correction. And they type on any kind of paper.

No one has more types of personal electronic typewriters than Panasonic. All have LCD screens, self-correction and are computer compatible. There are five paper-carriage sizes, from 8" to 14" wide. And 12 models have text memory, some up to 8k. One even has unlimited text storage with optional RAM cards.

Now, when it comes to typing, the only thing that can hurt you is not knowing about Panasonic electronic typewriters.
