

A FRIENDLY CAMERA. THE FRIENDLY SKIES.

FOR \$50 LESS.

Buy a friendly Pentax Ultra Sport, A3000, or P3 35mm camera any time between right now and December 31, 1986, and you'll also get a \$50 United Airlines Discount Certificate.

Or buy an Auto Sport and you'll get a \$25 certificate.

Either way, you'll fly to any United States destination in United's

friendly skies for less. And that includes Alaska and Hawaii.

So between October 15, 1986, and December 15, 1987, excepting certain Holidays,* you can take a fun trip and take along the camera that can capture all the enjoyment without getting in the way of any of it.

Because the Pentax Ultra Sport,

for instance, automatically focuses, and flashes automatically, all you do is push the button.
